“Learn not for school, but for life”

Our school is tolerant and caring; it is a place where everyone is accepted. We believe in working together as a real school community, and using our different abilities to support each other and to succeed. Friendship, respect, and fairness are the values that lead us.

Through the learning experiences and opportunities which we offer, we want our children to believe in themselves, deal with set-backs and have clear aspirations for their futures. We want them to realise their potential in all areas of their lives.

We want our children to understand both what their community has to offer them as they grow up, and, what they have to offer it.

We hope that all of our children learn that, whatever they do, they should work at it with all of their heart.

It is the aim of the policy to support every child by -

Ensuring that children are able to remain mentally and emotionally healthy.

Supporting parents in keeping their children healthy.

Ensuring that children are safe from maltreatment, neglect, violence etc.

Keeping children safe from accidental injury.

Working with agencies to safeguard children in accordance with current government guidance

Ensuring children are ready for school, attend school regularly, arrive on time and are collected at the appropriate time.

Encouraging parents to support their children's learning.

Parents support their children's social and emotional development.

Children are supported in managing changes and responding to challenges in their lives.

Ensuring that children choose to engage in positive behaviour.

Safeguarding Children Policy

We recognize that the welfare of all children is paramount and all our children regardless of race, gender or ability have equal rights to protection. We have a duty of care when they are in our charge and will do everything we can to provide a safe and caring environment whilst they attend our school.

We promote an environment where children and adults will feel confident about sharing any concerns they may have about their own safety and well being, or that of others.

(This policy should read in conjunction with all other policies within the safeguarding file e.g. 'Child Protection')

Coatham C of E Primary School follows and takes account of the child protection procedures outlined in the Redcar and Cleveland Local Safeguarding Children Boards "Child Protection Handbook".

Prevention

We seek to ;

- Maintain an ethos where children feel secure, are encouraged to talk and are listened to
- Ensure that the children know who they can talk to if they are worried or in difficulty
- Include within the curriculum, opportunities which will equip children with the skills they need to:
 - 1 Stay safe
 - 2 Have confidence to seek help
 - 3 Know where to go for help.

These areas will be addressed through our PSHE curriculum

Procedures.

- The school has designated members of staff and the Governing Body, who have undertaken 'Safeguarding ' training.
- All members of staff regularly undertake Safeguarding training to ensure they have an understanding of the signs and indicators of abuse and how to respond to a pupil who may disclose abuse

- All new staff members will be informed of the safeguarding arrangements and given a copy of the policy as part of their induction programme.

The designated person is responsible for:

- Adhering to the procedures set out in this policy
- Keeping written records of concerns about children even where there is no need to make a referral
- Keeping records in a secure location.

Every member of teaching and non-teaching staff is responsible for ensuring that they know:

- The name of the designated person
- That they are individually responsible for referring any concerns to the designated person.

Recruitment

At all times Coatham C of E Primary School will ensure that safe recruitment practices are followed

- We will require seeing original academic certificates
- Always take up at least 1 reference
- Question the contents of application forms if we are unclear about them – particularly gaps in employment
- ID will be required (ie passport) and a copy taken for the staff confidentially file.
- Undertake Enhanced DBS Checks, and barred list information, for all new staff and volunteers (whether or not involved in regulated activities).
- Staff will not be employed until we have received their DBS check.
- During interview, questions that are asked with regards to safeguarding will be made appropriate for the relevant position.
- Both head teacher and a governor have completed the safer recruitment training.

Training

Every member of staff will be expected to have training updated each year from the designated person in the LA.

Records and Monitoring

If anyone is concerned about the welfare or safety of any child then they need to record their concerns and give this to the designated person, this information will be kept in a separate Safeguarding/child protection file within the locked filing cabinet in the HT office. These files are the responsibility of

the designated person and the information will only be shared within school on a 'need to know' basis for the protection of the child.

These reports must be made in writing, with the date and time and signature of the person concerned.

Reporting

If staff members are unsure they should always speak to the designated safeguarding lead.

If it is appropriate, a meeting can be arranged between the parents and 2 members of staff to discuss the issue.

It is extremely difficult to determine if abuse has occurred. Teachers should look carefully at the behaviour of their children and be alert for significant changes.

If the concern is still apparent or it is felt that action must be taken immediately then a referral is made to social care by the designated person. Parents can be informed of this decision, as long as it is not felt that the child and/of member of staff is being put at risk

Radicalisation

School and staff are aware of the need to identify children at risk of radicalization and to take all possible steps to prevent this from happening. Appropriate staff will access training when it is made available.

Child Sexual Exploitation

School and staff are further aware of the need to identify children and families at risk of sexual exploitation and to take all possible steps to prevent this from happening. Appropriate staff will access training when it is made available.

Curriculum

Through P.S.H.E and Circle Time Teachers should ensure that children are able to distinguish between those actions towards them that are acceptable or unacceptable.

Areas of focus should include:-

- Bullying – (physical, verbal or emotional)
- Feelings
- Relationships etc.
- Equality and diversity

Visitors

All visitors whether they hold DBS clearance or not must sign in/out at reception and wear the label provided to show that they are a visitor to the school.

Visitors without DBS clearance must not be left unaccompanied with children. Staff are encouraged to politely challenge any adult in the buildings who is not wearing a visitors label and escort them to the school office to enable correct procedures to be followed.

Confidentiality

- Parents/Carers must be informed that any confidential information may be disclosed by school professionals to other relevant agencies and give their consent for this.
- Staff should not promise confidentiality of any disclosures from children.
- School staff should not discuss any part of the case with personnel who are not involved in the case conference procedures other than on a need to know basis.

Resources

Staff will be given access to L.A Child Protection Procedures Handbooks and any relevant books and leaflets as well as regular training.
