2.0 Scope

This document is Coatham Church of England policy on Child Protection and is in line with procedures set out by the South Tees Local Safeguarding Children's Board (LSCB). This policy applies to all adults working on the school site.

3.0 Introduction

Coatham Church of England School fully recognises its responsibilities for child protection.

The schools main aim is to provide a safe, secure and stable base for children and help to protect them from harm. The welfare of the child is of paramount importance to all the adults who work in our school. To achieve this aim Coatham School will:

- Ensure safer recruitment and vetting practises are followed, therefore checking the suitability of staff and volunteers who wish to work with our children.
- Raise awareness of safeguarding / child protection issues to staff, parents and children.

- Provide an environment where children feel safe, are encouraged to talk and are listened to.
- Help equip children with skills needed to keep themselves safe,
- Develop, implement and review policy and procedures in relation to child protection.
- Train and raise awareness of all staff, defining their role and responsibilities in reporting possible cases of abuse.
- Ensure there is effective communication between staff on child protection matters.
- To identify children who are suffering or likely to suffer significant harm.
- Report cases or suspected cases of abuse to Social Care.
- Working in partnership with parent/carer and other professionals to support and help protect children who have a Protection Plan.
- Establish a safe environment in which children can learn and develop.

In our school we respect our children. The atmosphere is one that encourages all children to do their best. We provide opportunities that enable our children to take and make decisions for themselves. The school ethos promotes a positive, supportive and secure environment and gives children a sense of being valued.

Our teaching of personal, social and health education citizenship, as part of the National Curriculum, helps to develop appropriate attitudes in our children, and makes them aware of the impact of their decisions on others. We also teach them how to recognise different risks in different situations, and how to behave in response to them (e.g. 'stranger danger' and 'internet safety').

We recognise that abuse and neglect can result in underachievement. We strive to ensure that all our children make good educational progress.

Child abuse can take a variety of forms:

- **Physical abuse** involves hitting, slapping, kicking, misuse of medication, undue restraint, shaking or other treatment of a child that can cause actual bodily harm.
- **Sexual abuse** involving forcing or enticing a child into sexual activities whether or not the child is aware of what is happening. This includes non-contact situations such as viewing child abuse images.
- **Emotional abuse** involves persistent emotional ill treatment of children, such as frightening them, or putting them in situations of danger. It is also an abuse to convey to children the feeling they are worthless or unloved.

- **Neglect** and acts of omission is also a form of abuse. This could involve failure to provide an adequate level of care (e.g. food, warmth and failure to access medical care or services).
