

## MUSIC

### INTENT

We cover the entire EYFS, KS1 and KS2 National Curriculum For Music. We want all our children to experience the learning of the whole curriculum, with creativity, enquiry, practical learning, cross-curricular links and application informing our delivery of these learning opportunities; we teach music appreciation, composition and performance. So that our children, "learn not for school, but for life".

### IMPLEMENTATION

Cross-curricular planning on a half-termly basis

Subject Leader monitors, supports, challenges and assesses through Leadership time.

Music has dedicated time each term.

Regular use of external teaching specialists and visits/visitors; TVMS provides KS1 Singing and Musical teaching, Y3/4 drumming; Y5/6 ukelele; individual guitar tuition. External providers: Musical Play performers, Snake Davis

Regular use of learning opportunities in local area; inter-school performances with TVMS "Snappy" Music events

Work is planned through rigorous focus on AfL and Next Steps in planning; work is therefore planned and implemented to the needs of the children in long, medium, and short-term.

Half-termly assessment of Music. Transition planning/sharing time for Music

SENDco and SLT monitor, support and challenge the inclusion and success for all groups and individuals

School Choir

Recorder Club

### IMPACT

Vast majority of children meet end of year predictions in all areas.

All children in all year groups experience music performance. Our end of Year Talent Show showcases musical talent which the children have developed themselves from these experiences.
