

Year 5 Newsletter

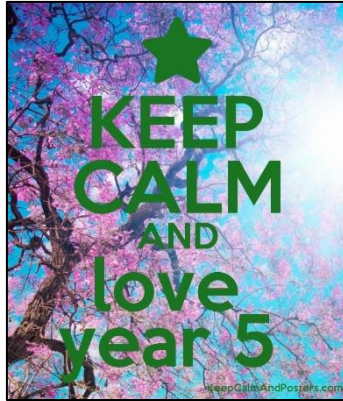

Another amazing term in year 5 and the children have been fantastic! Everyone has worked hard and has been praised by the visitors to our class.

Well done everyone 😊

New Topic

Local Area

This half term we will be learning about our local area with a focus on geography. We are also going to be investigating Redcar Racing!

Gertrude Bell

We have really enjoyed learning about this extraordinary person from Redcar's past. Our visit to Kirkleatham Museum was a wonderful way to complete the topic.

How Can You Help at Home?

- ✓ Homework will be given out on a Friday to be brought back the following Friday.
- ✓ Reading Records to be returned on a Thursday, signed by an adult from home.
- ✓ Times Table Rock Stars, Purple Mash and Showbie are great for extra work linked to our learning.

And finally...

Our PE days are Tuesday and Friday so your child does need to have their full PE kit in school on these days.

Our maths focus will be mainly on number, fractions and place value.

Our RE work will be focused around Christianity.

All afternoon work will be linked very closely to the geography and history of our local area.
